Dear Ms. Dortch:

RE: Correction to FCC appeal filed on May 29, 2012. ECFS Confirmation number-2012529243668.

Please be advised that one of the dates presented in the original appeal is incorrect for the Academy of Detroit West BEN 16054760, Form 471 Application Number 814759, for FRN 2215772. In paragraph four of the appeal letter, the date of service provider changeover was cited as January 2011. This was an error. The date that the T-1 line was installed was November 2, 2011, as cited in paragraph 7 on page two of the appeal letter dated May 29, 2012.

FRN 2215772 should accommodate both ATT and CMC telecom because the FCDL did not arrive until after its issue on October 18, 2012. The breakdown of the total FRN (\$4,860) to be split between AT&T & CMC services are as follows: CMC- SPIN-143017575 reimbursed at \$2,328.03. Please split the remaining balance of the FRN between the following 3 ATT SPINS: 143001727-\$1,991.97 143008823-\$100.00, 143035680-\$400.00. ATT utilizes different SPIN's for their different services.

Thank you for the opportunity to correct the date error.

Sincerely,

Valerie A. Nelson
